EDUCATION

Bachelor's in Computer science engineering Vistula University

02/2018 - 09/2021

Warsaw, Poland

Courses

- Web technologies, Networking
- Team project
- MySQL, JavaScript, Java, HTML, CSS, PHP, C#
- IT project management

WORK EXPERIENCE

QA Technician Testronic

05/2021 - Present

Warsaw, Poland

Achievements/Tasks

- Reviewed and monitored requirement documents to create test plans and test cases (Confluence and Test-Rails)
- Documented software defects (UI/UX, Engineering, QA, and Design activities), using a bug-tracking system JIRA, and tracked defects to closure
- Executed test cases (manual and automated for saving manual efforts when required) and analyzed results (functional, regression, sanity, smoke)
- Participated in regular project meetings with cross-functional teams; provided beneficial suggestions and support to design developers and collaborated with them to fully define test specifications and test scenarios
- Ensuring fixes for defects by retesting software, and providing feedback; updated defect tracking system (JIRA) with the latest information to stay up-to-date

IT intern

Vistula University · Internship

01/2020 - 06/2020

Warsaw, Poland

Achievements/Tasks

- Monitoring and resolving technical support requests
- Assisting in the development of new web pages
- Providing beneficial advice and support to colleagues regarding any IT-related issues
